PERTH AIRPORT (YPPH) NEW ARRANGEMENTS FOR RUNWAY MAINTENANCE

1. INTRODUCTION

- 1.1 This AIC cancels and replaces AIC H66/24 with a change in Appendix 1.
- 1.2 This AIP AIC provides details on changes to Perth Airport (YPPH) Runway 03/21 maintenance access arrangements and closures to take effect from **28 April 2025**.
- 1.3 Under existing arrangements, Perth Airport (YPPH) carries out runway maintenance every Friday morning. Runway 03/21 is closed for 4.5 hours two (2) Fridays in a row and Runway 06/24 is closed on the third Friday for 8 hours in accordance with a pre-determined schedule published by MOWP. In both cases the runway is not available during the closure periods.
- 1.4 Existing arrangements shall continue for the beginning of 2025 to allow transition, training and finalise airline consultation before the new process takes effect.

2. OVERVIEW

- 2.1 On commencement of the new arrangements, Runway 03/21 will become available for departures if operationally required on 30 minutes prior notice. With reduced maintenance opportunities and a limit on maintenance vehicles operating on a live runway, the closure days will now include Monday as well as Friday. Closures will be 0730-1130 WST (2330-0330 UTC) excluding every third Friday to allow for the Runway 06/24 maintenance closures which will be unchanged.

- 2.2 Operators that can advise of an operational requirement for Runway 03/21 during the Monday and Friday closures include only:
- Departures, where departing from Runway 06/24 would result in an impact to passenger loads, or
 - For freighter, military or heavy charter operations Runway 06/24 is insufficient in length.
- 2.3 **Advise of the operational requirement to use Runway 03/21 is to be made to ATC as early as practicable.** For advice with less than 30 minutes notice, Perth Airport will make every effort to make the runway available earlier however operators should expect some delay.
- 2.4 To ensure maintenance requirements continue to be met and to facilitate works exceeding 30 minutes to re-instate, full closure of Runway 03/21 may be programmed for the second Saturday of every month.
- 2.5 Full closure of Runway 03/21 on the second Saturday of the month would only be enacted if required, with:
- Notice to industry by NOTAM issued at least 8 days prior;
 - Closure of up to 8 hours 0730-1530 WST (2330-0730 UTC), less if maintenance does not require the full 8 hours; and
 - Runway 03/21 will not be available during Saturday closures.
- 2.6 Currently, the ILS for closed runways are turned off to facilitate access to the Vehicle Critical Areas. Under the new arrangements for Runway 03/21, the default status will be on. Any requirement to turn the 03 or 21 ILS off will be subject to the works areas and activities undertaken and be carried out in coordination with Airservices Australia.
- 2.7 Closures of Runway 06/24 will continue to be carried out every third Friday 0730-1530 WST (2330-0730 UTC). The ILS for Runway 24 will be turned off, unless by other arrangement.
- 2.8 Provision for Runway 06/24 to be made available in the event of an emergency will be retained, with the time required subject to the works activities undertaken. This provision also applies for Runway 03/21 during Saturday closures.
- 2.9 No planned works will be undertaken on Public Holidays.
- 2.10 For the full list of 2025 dates, please refer to the schedule in Appendix 1. The timing of works and status of either runway shall be as advised by NOTAM.

- 2.11 These arrangements will remain in place until operations on Perth's new runway (the parallel runway) commence, with review yearly or as required.

3. TECHNICAL QUESTIONS AND ADVICE

- 3.1 For additional information or clarification of information contained within this AIC please contact Perth Airport Pty Ltd:

Airfield Safety & Operations Manager

Darren McKenzie

Email: Darren.McKenzie@perthairport.com.au

Phone: +61 8 9478 8441

4. CANCELLATION

- 4.1 This AIC will remain active to inform industry of the arrangements and for reference to the attached programme.

5. DISTRIBUTION

- 5.1 Airservices Australia website only.
